

OBSERVE THE MOON NIGHT

October 1st, 2022

Inspiration and activity CHECKLIST

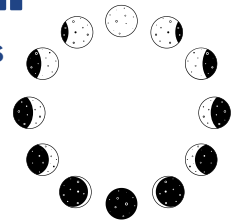

Look Up!

Enjoying the moon with a natural lens can be breath taking. Take a moment on Observe the Moon Night and look up! Take a picture and tag us!

Research!

Research what causes the phases of moon. Label what phase the moon is in today!

Build a model!

Using dry pasta or a homemade pizza you can make a model of the moon with things from around the house. Take a picture and tag us!

Take a Picture!

Try capturing the Moon's beauty with a picture that is worth a thousand words and will last a life time. Tag us!

Take a Selfie!

The moon makes the perfect back drop for that night mode selfie! Post a picture and tag us!

Make Art!

Try your hand at recreating the Moon's beauty, through your eyes, and draw or paint what you see when you look at the moon. Post a picture and tag us!

As you take part in Observe the Moon night, 2022, tag our social media accounts as we share in this event a part and together! Each tag enters you for a chance to win our observe the moon giveaway
